

DOCUMENT PRODUCTION ACCOMPANYING DISCLOSURE

With the “Disclosure of Asserted Claims and Infringement Contentions,” the party claiming patent infringement shall produce to each opposing party or make available for inspection and copying and identify by production number which documents correspond to each category:

- a) Documents (e.g., contracts, purchase orders, invoices, advertisements, marketing materials, offer letters, beta site testing agreements, and third party or joint development agreements) sufficient to evidence each discussion with, disclosure to, or other manner of providing to a third party, or sale of or offer to sell, or any public use of, the claimed invention prior to the date of application for the patent in suit. - c) A copy of the file history for each patent in suit;
- d) Documents sufficient to establish ownership of the patent rights by the party asserting patent infringement; and
- e) If a party identifies instrumentalities pursuant to Dist. Idaho Loc. Patent R. 3.1(g), documents sufficient to show the operation of any aspects or elements of such instrumentalities the patent claimant relies upon as embodying any asserted claims.
